

Element Symbols Ceiling Panel Guidelines

1. You must write a 50 word report on each of the elements and present the reports to a science class.
2. If a symbol has two letters, the second letter must be **lower case** (not just smaller).
3. The panel must be the correct size as indicated above.
4. The letters and numbers must be the correct size as indicated above.
5. The information must be placed on the panels as indicated above.
6. The panel must be made of materials described in Ceiling Panel Cover guidelines.
7. All information in the panels must be correct.
8. Elements must be side by side on the periodic chart and must fit the pattern already established on the ceiling of your science room.
9. **PANELS MUST NOT DISPLAY ELEMENT NAMES!**
10. EXCEPTIONAL NEATNESS AND ATTRACTIVENESS WILL EARN EXTRA POINTS.
